

# COMPACT CORE

## COMPACT CORE (CC)

*Decotone Compact Core has near endless possibilities and applications. Interior and exterior furniture, tabletops, countertops, backsplash, shower walls & jambs, as well as traditional cabinetry and millwork. Due to its high heat resistance, water proof properties, anti-microbial and anti-porous characteristics, it is suitable for use in any room. With additional UV coating, it is suitable for direct sunlight.*

### FEATURES

UV Resistant Furniture Grade  
Shatter resistant  
High resistance to heat  
Increased scratch resistance  
Increased impact resistance  
Increased abrasion resistance

### CERTIFICATIONS

Certified Carbon Neutral - Greenhouse Project  
Fire Rated Class A, I  
Anti-microbial  
GreenGuard Gold Certified
